VEER PRATAP SINGH

Full-Stack Web Developer • Cybersecurity • Creative Technologist • Founder

Jaipur, Rajasthan, India | xyresiiic@gmail.com | +91 63788 97327 github.com/xyresiiic | portfolio-xyresiiic.vercel.app | linkedin.com/in/veer-pratap-singh-77702b316

SUMMARY

B.Tech Computer Science, computer engineering student and full-stack web developer with hands-on experience across 6+ web and AI-integrated projects using JavaScript, Python, Flask, and REST APIs. Skilled in front-end development, UI/UX design, database integration (Supabase, Firebase), and multimodal AI (Whisper, CLIP, Transformers). Founder of two ventures combining software engineering with brand strategy. Also experienced in networking fundamentals and security analysis through a cybersecurity internship.

TECHNICAL SKILLS

Languages: C, C++, Java, Python, JavaScript (ES6+), TypeScript
Frontend: HTML5, CSS3, React, Responsive Design, CSS Animations, Cross-Browser Compatibility
Backend & Databases: Flask, FastAPI, REST APIs, Supabase, PostgreSQL/PostGIS, OAuth
AI / ML: Whisper (Speech-to-Text), CLIP, Librosa, Transformers, Multimodal System Design
Cybersecurity & GIS: Networking Fundamentals, Security Analysis, GeoPandas, NetworkX
Dev Tools: Git, GitHub, GitHub Pages, Vercel, VS Code, Agile Development
Brand & Design: UI/UX Design, Brand Identity, Photoshop, Lightroom, VN Editor, Photography, Videography

PROFESSIONAL EXPERIENCE

Web Development Intern : CodSoft *Jun 2025 – Jul 2025(1 Month)*

- Shipped 3 production-style web apps (calculator, to-do list, number-guessing game) in HTML/CSS/JS, fully responsive across breakpoints; wrote modular, reusable JS logic to cut duplication.

C++ Programming Intern : CodeAlpha *Jul 2025 – Aug 2025 (1 Month)*

- Resolved 30+ C++ challenges spanning OOP and DSA, improving code correctness through systematic debugging and optimization.

Web Development Intern : CodCraft Infotech *Aug 2025 – Sep 2025(1 Month)*

- Built and improved web-based applications using HTML, CSS, and C, gaining experience with real-world dev workflows.

Cybersecurity Intern : Triple One Solution *Jun 2026 – Aug 2026 (2 Months)*

- Gained hands-on exposure to networking fundamentals, vulnerability identification, security Systems, and basic security testing.

FOUNDER & ENTREPRENEURIAL VENTURES

Founder & Developer — Lustréva : Premium Gifting E-Commerce Platform *2024 – Present*

- Architected a full-stack e-commerce platform end-to-end on Supabase and Google OAuth for a complete purchase-to-checkout flow, with a conversion-focused, animated UI reinforcing a premium brand identity.

Founder — Nazrithm Creative Studio (@nazrithm)

- Brand strategy, content design, and social media systems for clients; designed a 9-carousel Instagram brand system (gold #C9A84C, Playfair Display, grid-paper textures); experienced in photography, video editing, and color grading.

PROJECTS

AI Triage Pro : 4th Rank, HackNexus 2.0 | *Python • Flask • Whisper • CLIP • Librosa*

- Engineered a real-time emergency triage system unifying Whisper (transcription), CLIP (image analysis), and Librosa (audio processing) into a weighted trust-scoring pipeline, delivering an end-to-end severity-detection and ambulance-dispatch workflow; generated 500+ training entries as part of a 4-person team.

ShikshaVerifyAI : Work in Progress (SIH Project) | *AI • Computer Vision • Attendance Verification*

- Designing an AI platform to verify teacher-submitted selfie attendance images against the assigned school environment, with scalability for multi-institution use.

WildLink AI : Work in Progress | *Python • FastAPI • PostgreSQL/PostGIS • GeoPandas • NetworkX*

- Designing a GIS platform to identify wildlife habitat corridors, modeling connectivity as a graph for conservation prioritization.

Additional Projects | *CozyJournal • Calendo • Medic Soul • Personal Portfolio*

- CozyJournal (TypeScript) a responsive journaling app with a smooth, engaging UX. Calendo a single-file vanilla-JS content-scheduling tool with zero dependencies. Medic Soul a healthcare assistant site with an integrated patient-guidance chatbot. Personal Portfolio, animated 4-section site (skills, timeline, projects, contact).

EDUCATION

Bachelor of Technology , Computer Science & Engineering : Arya College of Engineering, RTU *2024 – 2028*

- Coursework: DSA, Computer Networks, Theory of Computation, DBMS, Discrete Mathematics, Microprocessors. CGPA: 7.77/10 | Class XII: 69% | Class X: 63%

CERTIFICATIONS

- 7 professional certifications, including: Solution Architecture (AWS) • Software Engineering Virtual Experience (Accenture) • GenAI Data Analytics (Tata, Forage) • Web Development Fundamentals (IBM) • Virtual Technology Internship (Deloitte, Forage) • Blockchain Technology & Quadcopter Basics (IIT Roorkee) • Prompt Design in Vertex AI (Google).

HACKATHONS & ACTIVITIES

- HackNexus 2.0 : 4th Rank for AI Triage Pro. Smart India Hackathon (Internal Round), solution development, presentation, and event anchoring.
